Account Features

Please note: You may change your account features and options at any time, with advance written notice to us.

Borrowing Money to Buy Securities (Buying "On Margin") - Please Read Carefully

You will have a "cash account," unless you choose to have a "margin loan account" (customarily known as a "margin account"). To help you decide whether a margin loan account is right for you, please read this information and the Margin Loan Agreement.

In a cash account, you pay for your securities in full at the time of [purchase/settlement (generally three days after purchase)]. In a margin loan account, we may lend you a portion of the purchase price. This is called buying securities "on margin." For example, when you buy equity securities (such as common stock) on margin, you typically must deposit at least 50% of the purchase price, and we would loan you the balance. You are liable for repaying the borrowed funds and the interest incurred.

If you borrow funds in your margin loan account and the value of your holdings declines significantly, you may be subject to a "margin call." This means that we can either (1) require you to deposit additional cash or marketable securities to your account immediately, or (2) sell **any** of the securities in your account to cover any shortfall, **without informing you in advance**. We will decide which of your securities to sell. **Even if we notify you that you have a certain number of days to cover the shortfall, we may still sell your securities before that timeframe expires.** Further, we may increase at any time the level of equity that you must maintain in your margin account without triggering a margin call.

We have the right to lend shares held in your margin loan account to others. This should not impede your ability to sell these shares, but may cause you to lose voting rights and the right to preferred tax treatment on certain dividend payments.

Borrowing funds to buy securities is only appropriate for those investors who can tolerate losing more than the amount of money deposited in the account. To avoid the use of margin, even in a margin loan account, always pay for your purchases in full at the time of purchase.

□ No I do not want the ability to borrow funds in my account, which means I will have a cash account.

Yes I want the ability to borrow funds in my account. I have read the Margin Loan Agreement and understand my rights and obligations under it.

Note: If you do not check any box above, by default you will have a cash account.

Managing Your Cash

Sometimes there is cash in your account that hasn't been invested. For example, you may have just deposited money into your account without giving instructions on how to invest it, or you may have received cash dividends or interest. We will automatically place—or "sweep"—that cash into one of the cash management programs listed below—also called "cash sweep programs." Cash management programs offer different

benefits and risks, including different interest rates, customer protections and insurance coverage (namely, FDIC or SIPC coverage). Some may have certain eligibility criteria, such as minimum cash balances and specific account types.

Please choose one of the cash management programs listed below. You may instruct us to change your selected cash management program at any time to another, if you meet the eligibility criteria of the new cash management program. If you do not choose one, we will automatically place your uninvested cash into the default cash management program, which will be [FCR for Retail Accounts, and PGR for Retirement Accounts]. We will give you advance notice of any change in your choice or of the options generally available to you. We may need your consent for certain changes, but not for others. We reserve the right to terminate, without prior notice, the Money Market Fund sweep program that you select and move your cash balance into an FDIC-insured bank account.

s SIPC protects customers of brokerage firms that are closed due to bankruptcy or other financial difficulty. Each customer may be protected up to \$500,000, including up to \$100,000 in cash held in the account. SIPC will cover any missing customer securities when the brokerage fails, whether the securities are missing due to conversion, theft, unauthorized trading or other reasons. SIPC does not protect against ordinary market loss. Not every investment is protected by SIPC and some customers may be ineligible to have their claims satisfied with SIPC funds. More information can be found at www.sipc.org or by calling 1-202-371-8300. © Under FDIC coverage, if a bank or savings association fails, each depositor generally is insured for up to \$250,000 for non-retirement accounts, and up to \$250,000 for IRAs and certain other retirement accounts. The FDIC coverage does not insure securities or mutual funds. More information can be found at www.fdic.gov or by contacting the FDIC at 1-877-ASK-FDIC.
